Five nominations! Some are not free from personal commitments, some are burdened with official commitments and finally nobody is in a position to take the onus. In fact I was also one of them who were reluctant to take the responsibility. That was the episode for selecting the President of AAK. Ultimately when the situation came down to a level of toss up to enforce the responsibility between yours truly and my best friend Rajiv, in spite of our vehement protests; that is when, at that spur of the moment, I decided to change my decision and put my neck under the guillotine. Because, I felt, rather than forced into an unwanted situation or losing out in the final hurdle under a situation of toss where one of the two friends is bound to lose, it is better to take on willingly and end the ordeal. Well jokes apart, coming down to serious business ...

Dear members,

First of all I would like to thank you all for having the faith in me to take up the responsibility of President. Now that I have taken over the responsibility, I have to execute it giving my fullest. But I or the committee alone cannot take the boat ashore. We need your wholehearted support and active participation to make the activities of our association successful. Because .... ৰাইজে নথ জোকাৰিলেহে নৈ বয় ।

We will try to infuse as much life as possible to the various events that will be in store for the coming year. At the same time, we also look forward to your suggestions (healthy criticisms as well) to make the events better.

Let us all come forward to make AAK a vibrant association and make it the cynosure for all others. Let us all make our sojourn in Kuwait, away from our dear Motherland, a most memorable one.
