Dear All,

With heartfelt thanks, we humbly accept the assignment bestowed upon us to edit our annual magazine "Jetuka". We will try our best to carry out this responsibility and maintain the standard set by our predecessors Dwaipayan Bora and Dr Rifat Mannan. We take this opportunity to congratulate them for doing such excellent and laudable job last year.

Our annual magazine "Jetuka" aspires to capture the dormant talents hidden in our people in Kuwait, both young and old. Like the last year, the time again arrives to contribute for "Jetuka".

We appeal to all of you, kids , grownups and adults , to contribute whole-heartedly and make it a true reflection of our culturally and literary rich Asomiya society.

Please find the following guidelines, which will be of help.....

- 1) The writings can be in the form of articles, essays, poems, amazing facts, story, reflection, recipes etc.
- 2) It can be both in Assamese and English.
- 3) All writings should be submitted to either of us by email or in hand written form, on or before March 31,2011.
- 4) Those articles in hand written form, should be submitted in A4 size paper.

We hope all of you will contribute passionately and whole-heartedly and make "Jetuka" a grand success.

With warm regards,
