Greetings to all!

It is a matter of pride for me to take this responsibility as an elected Gen. Secretary for the term 2019-20.

I hereby take the opportunity to introduce our association as an initiative of people who live and work in state of Kuwait and who trace their roots to Assam. A need for a socio- cultural platform for the people of Assam living in the Kuwait has long been felt. Its importance was particularly felt so as to enable and facilitate the social and cultural integration of our region with the national mainstream. With these primary objects, it was decided to formalize and constitute "Asom association Kuwait (AAK)" in the year 2009. We are thankful to those people who have established this community and it is our responsibility to continue with same objective and make it stronger in future. We are small, but we have big goals, bigger hearts, and lots of things to do for the community! Being a very small community here in Kuwait, membership is crucial to an association's success; even more so in our case. All members in the association should be on the lookout for new members to grow make our presence bigger in Kuwait. To all those reading this: please join the association if you haven't yet. This will add strength and help us in becoming more resolute in achieving our goals. We are fortunate to enjoy the benefit in the quality and loyalty of our wonderful members. The AASHA committee formed under the guidance of AAK with an objective to help the needy people in Assam is one of the best examples of our social responsibility being carried out so far.

At the same time, on behalf of present Executive committee, I Offer our respect and gratitude to the outgoing Executive Committee, not only for their whole-hearted cooperation in smooth transition of the handing over of roles and responsibilities but also for their kind supports, advices and guidance. The past events in celebration to Bihu and other festivals of Assam have been quite a success for AAK as demonstrated by our predecessors of former Executive Committees and similarly this time too we would leave no stone unturned to keep the pace going to live up to your expectations. Once again thanking all of you. Jai Aai Axom, Long Live AAK!

With best regards,

Pabitra saikia
